

LIFE PHILOSOPHY

Do the right thing, even when no one is looking. It is called **integrity!**

STRENGTHS

- Leadership at work and at sea
- Sales and people skills
- International business
- Aquaculture and R&D
- English

MOST PROUD OF

- 25 years of persistence, loyalty and heart to grow AKVA group to what it is today, despite times of hardship and crisis.
- Travelling to far corners of the world in over 50 countries to build AKVA's export business and strong international reputation.
- Hiring many young and promising employees and pay forward the same opportunities I once got as a 19-year old in 1984 in this fantastic aquaculture industry.
- Leading my young scouts to win the YMCA National Scout Championship in Norway in 1986
- Courage to leave my job and sail around the world with family and friends in 2019-2020, living my lifelong dream.
- Starting my own successful consulting business (Vannfast AS) in the middle of the Covid-19 pandemic in 2020.

TROND SEVERINSEN

Senior Aquaculture Technology Advisor & Consultant

PROFILE

38 years worldwide experience from the leading aquaculture technology industry, including 17 years in AKVA group's executive management team. Focus on marketing and sales, project management, R&D, business development and strategy

PROFESSIONAL EXPERIENCE

Managing Director & Founding Partner

Vannfast AS (Consulting company in Stavanger Region, Norway)

June 2020 – Current

- Senior advisor and consultant in a wide range of technical fields and business development within the global aquaculture and maritime industry (*returned to Norway from around the world sailing voyage in May 2020 due to world Corona crisis*).
- Clients include: Blue Planet / Aibel AS, Laksesystemer AS, Aquabyte AS, Sedna Technologies Inc. (Sensor Globe), Scan-Tech AS (James Fisher Group), Norsal AS, McKinsey & Company, Stim Aqua Cluster (running "Eksport i kikkerten 2H 2021), Hauge Aqua AS (Egget), Blue Planet / Baring Farsund AS.

Norwegian Partner

Sensor Globe Norway AS (Head Office – Halifax, NS, Canada)

October 2020 – Current

- Scaling up the company and commercializing the Sensor Globe concept worldwide.
- Establishing the Norwegian subsidiary in Stavanger

Senior Vice President – Technology & Development

AKVA group ASA (Head Office - Stavanger Region, Norway)

June 2017 – July 2019

- Member of AKVA's global executive management team.
- Re-developed many of AKVA's fish-pen farming products as state-of-the-art to take back market shares, including:
 - New generation Polarcirkel 500R plastic pens
 - New waterborne centralized feed system
 - New generation AKVAconnect 4.0 SCADA control system
 - New digital IP camera solutions
 - Atlantis Subsea submergible netpen system
-

- Oversaw 35 R&D engineers, product managers and staff on all AKVA group's netpen based product lines, marine engineering and field operations.
- As a result, major new products were launched at Aqua Nor tradeshow in Norway in August 2019.

COO Export & CMO Group

AKVA group ASA (Head Office - Stavanger Region, Norway)

September 2002 – May 2017

- Member of AKVA's global executive management team.
- In charge of restructuring and revitalizing sales, marketing and service activities after 2001/2002 industry crisis to get the company back on its feet.
- Re-branding and incorporating new products and services into the portfolio after numerous M&A's.
- In charge of new corporate graphical profile and product branding for AKVA group going public on OSE in 2006.
- Developing and managing new export markets in Europe/Mediterranean, Asia, Russia, Middle East and Africa, including:
 - Setting up new subsidiaries in Turkey, China, Thailand, Vietnam, Malaysia and Iran.
 - Setting up new distributors and agencies in Tunisia, South Korea, Japan, India and East Africa.
 - Hands-on export project management
 - Establishing professional legal framework/contracts, anti-corruption program, Code of Conduct/Global Compact 10, Integrity Due Diligence and Trade Finance routines.
- First and largest ever netpen export contracts signed in Croatia in 2010 (MEUR 6,8). Subsequent large contracts in Tunisia, Turkey, China, Iran, Saudi Arabia and Russia (Russian Sea Aquaculture has subsequently purchased numerous complete salmon farms)
- Conference speaker at numerous conferences worldwide.

Vice President & General Manager

AKVA Feed Systems Inc. (Campbell River, BC, Canada)

August 1993 – August 2002

- Established the company in 1993 and later sold it to AKVA in 1995 and 1998, becoming AKVA's first subsidiary abroad.
- Sales, service and project management of AKVA's feed systems throughout Canada and USA.
- Developed and manufactured additional feeding equipment for land- and sea-based fish farming.
- Established a sales and service base in Atlantic Canada in 2000.
- Turnover peaked in 2001 at CAD 4,6 million and 10 employees, having established the company as marked leader in feed systems in North America.
- Restructured the company through 2002/2003 to meet yet another major downturn in the salmon farming industry.

President & General Manager

TrondTech Marketing Inc. (Campbell River, BC, Canada)

January 1990 – July 1993

- Started my own aquaculture equipment supply and service company as the salmon industry experienced a major downturn.
- Took over product lines from Sea Farm Trading Inc. as their parent company decided to focus on core business (fish farming) and continued mainly as a trading company in aquaculture equipment throughout Canada and USA.

- 2015 – Kenya, Tanzania, Uganda – **Norsk Næringslivsdelegasjon – Innovation Norway** – «Netpen Aquaculture Technology»
- 2015 - Kochi, India - **5th Intl. Symposium on Cage Aquaculture in Asia (CAA5)** - Keynote Speaker «Automation in Netpen Operations and New Designs»
- 2015 – Cape Town, South Africa – **Innovation Norway** - «Netpen Aquaculture Technology»
- 2015 – St. Petersburg, Russia – **Russia / Norway Aquaculture Conference** – «North West Russia Projects – Lessons Learnt»
- 2009 - Brüssels, Belgium – **EU Parliament - Fisheries Dept.** – «Advances in aquaculture operational technology»

- Sailing around the world
- Cruising and regattas
- Fishing, scuba diving, biking

“20 years from now you will be more disappointed by the things that you didn't do than by the ones you did do. So, throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover.” - Mark Twain

Vice President & General Manager

Sea Farm Trading Inc. (Campbell River, BC, Canada)

July 1987 – December 1989

- Moved to Canada in summer of 1987 to establish and manage the subsidiary of Sea Farm Trading AS, part of Stolt-Nielsen group's Sea Farm AS of Bergen, Norway.
- Imported, distributed and serviced a wide range of products for hatcheries, netpen farms and processing plants.
- Set up license manufacturing of plastic and steel netpens in Canada with Dupont Canada and Bourque Industrial.

Sales Consultant

Sea Farm Trading AS (Bergen, Norway)

April 1984 – June 1987

- Started as a “Delivery Boy” at Sea Farm AS' head quarter, but soon ended up as Sales Consultant in Norway and Scotland.
- Sold and distributed a wide range of equipment for hatcheries, sea pen farms and processing plants during these early years in industrial salmon farming.
